

TECHNOLOGY

- EXTENDED OPERATING LIFETIME
- IP65 PROTECTION
- TUNABLE WHITE OPTION
- BUILT IN RADIO AND MOTION SENSOR
- NEMA SOCKET OR ZHAGA SOCKET

Smooth Swedish design with a multitude of options and functions.

Autonomous motion control makes it both efficient as well as extremely sustainable. Think of outdoor areas, such as walking paths, the lighting of which does not overburden the environment. It rather illuminates only when needed.

Upon demand, the Smart City function can be activated via connection to the internet (and a CMS). The luminaire can also take additional sensors.

DESIGN

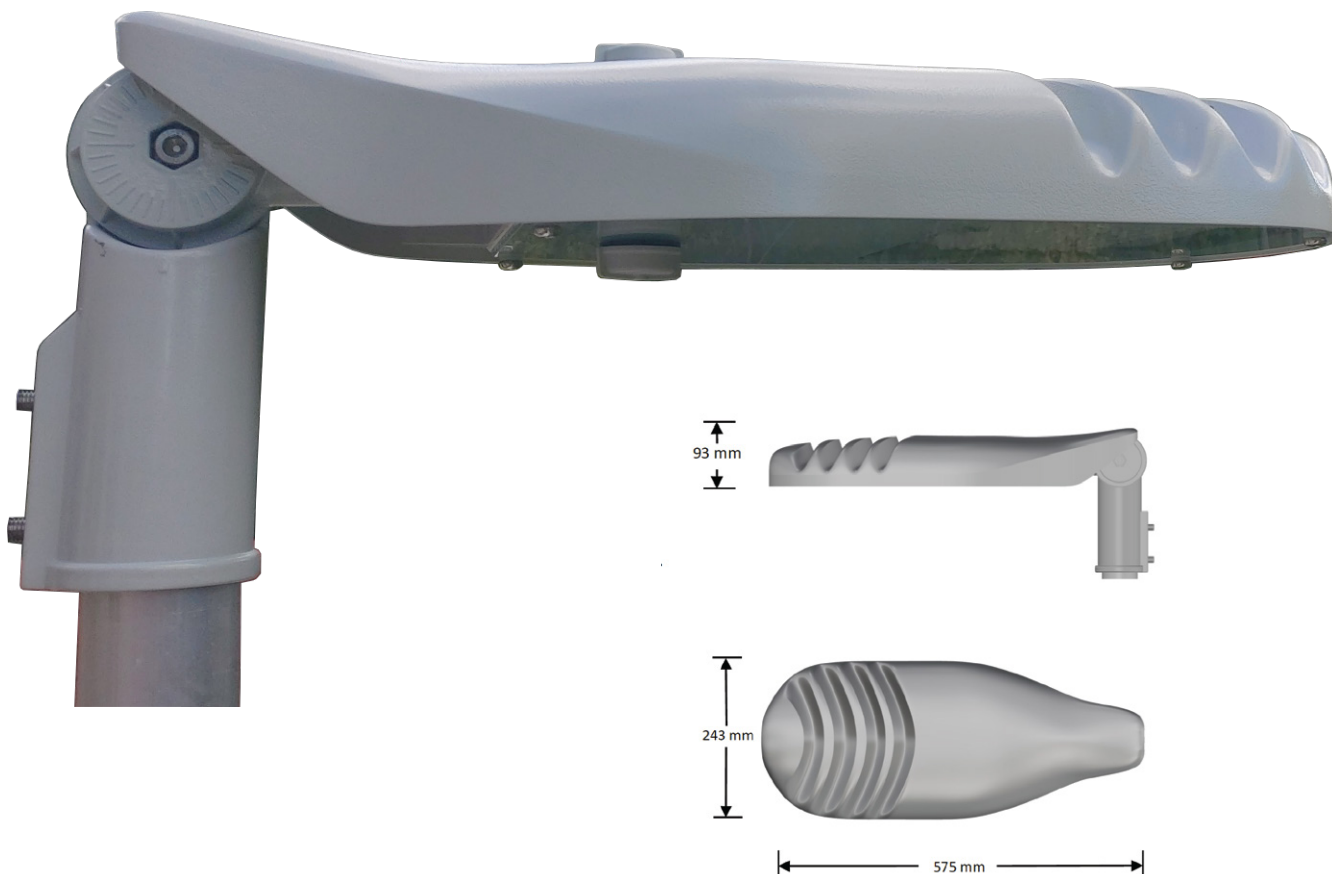

- SWEDISH DESIGN
- SUSTAINABLE
- ENVIRONMENT FRIENDLY
- SEAMLESS FIT
- INNOVATIVE

TECHNICAL DATA

REFLECTA® LINX

Mounting type	Street light fixture
Housing	Single piece die-cast, A380 aluminum, tempered glass
Light source	LED modules
Optics	Various street optics
Dimension	575 x 243 x 93 mm
Power	From 15 W up to 750 W
Driver	Non-dimming, DALI
Main voltage	220 - 240V AC, 50 - 60 Hz
Power factor	$\lambda = 0,98$
Life expectancy	Up to 100.000 h L80B20
Lumen output (at 4000K)	From 2200 lm up to 21320 lm
Luminous efficacy	From 124 lm/W to 146 lm/W
Colour temperature	3000 K / 4000 K / 5000 K / TW
Colour rendering index	CRI>70, CRI>80 on request
Ambient operating temperature	Ta= -40°C to +50°C
Protection	IP65, IK08
Colour finishing	Light grey
Warranty	Regular 5 years, Extended option up to 10 years
Made in	Slovenia (EU)
