

REWOOD

TECHNOLOGY

- ONE OF A KIND
- NATURAL MATERIALS
- EFFICIENT
- OPAL, MICROPRISMATIC, SPOT
- UGR<16 OR UGR<19

With a series of wooden luminaires, we've taken sustainability to a new level. The exterior is made of a solid, fully recyclable oak, making each luminaire a story of its own.

The wood that you see is the one that you get.

The design is perfectly fit for offices from those within the intimate shelter of private homes to corporate buildings, where its soft, natural appearance adds an additional warm, homey impact.

DESIGN

- WOODEN BODY
- SUSTAINABLE
- LINEAR
- DIFFERENT WOOD TYPES
- INNOVATIVE

TECHNICAL DATA

REFLECTA® REWOOD

Mounting type	Ceiling, Suspended with direct/indirect light emission
Housing	Aluminum, Natural oak
Light source	LED
Optics	Opal, Microprismatic, Spot
Dimension	1150 mm, 1430 mm
Power	From 15 W to 56 W
Driver	Non-dimming, DALI
Main voltage	220 - 240V AC, 50 - 60 Hz
Power factor	$\lambda = 0,98$
Life expectancy	Up to 60.000 h L80B20
Lumen output (at 4000K)	From 1500 lm to 7150 lm
Luminous efficacy	Up to 146 lm/W
Colour temperature	3000 K / 4000 K / 5000 K / TW
Colour rendering index	CRI>80, CRI>90
Ambient operating temperature	Ta= 0°C to +30°C
Emergency module	/
Protection	IP40
Colour finishing	Natural oak, Custom on request
Warranty	5 years
Made in	Slovenia (EU)
